BLACK SUIT COAT - Q78

Q78 #1 →

Q78 #2 →

Q78 #3 →

Q78.  
#4 Control taken from upper right sleeve of suit coat.

## Gallagher's Deck

The edges of the hole torn in the Q76 shirt collar, the edges of the three tears on the collar of the Q78 suit jacket and the material near the torn ends of the K27 needles were contaminated with traces of lead which could have come from a bullet or <sup>from bullet fragments,</sup> the lead contaminating these items could not be associated with a particular bullet or lead source.
